REGIONAL POLICY BOARD

State law mandates that local education authorities provide certain adult education programs. A local board of education may choose to provide the mandated programs as a part of a region, or it may provide such programs on its own. If a town elects to join a region, then the formal Adult Education grant application to the Connecticut State Department of Education with the Superintendent's signature is the yearly contract of the region.

The Vernon Adult Education Region consists of the following towns and Regional Districts:

Teacher Policies

This Staff Handbook provides a general guide to policy and practices of Vernon Regional Adult Based Education for staff members. No document of this nature can encompass every possible occurrence.

In certain instances, because of the relationship of the Adult Education Region to the Vernon Board of Education, Vernon policies are governing. In other instances, policies of the Local Education Agency (LEA) host at the instructional site are governing.

This document will, of necessity, be modified periodically. Staff members will receive notification of changes. Up-to-date copies of this policy manual will be available at principle program sites. If you have a question about material covered and/or not covered in this manual, you should contact your local site administrator/coordinator.

Terms of Employment

Certification of Instructional Staff

All teachers in the Vernon Regional Adult Based Education Program must be certified by the State Department of Education in the appropriate area of instruction plus an additional adult education certification as required. Certification is the responsibility of the individual, not the Board of Education or school administration.

Class Size

The Policy Board desires to provide class sizes which are reasonable and permit effective classroom instruction of students. In an effort to clarify this position, the following policy guidelines have been established.

**ABE, ESL, Citizenship:** The student-teacher ratio is to be 20-1 on average.

**Adult High School Credit Diploma Classes:** The student-teacher ratio is to be 25-1.
Terms of Employment (cont.)

Attire

It is crucial that we, as a staff, present a professional image to our students and the public. Research shows that the way we dress impacts how we see ourselves, our performance, and our language use. For this reason, business casual attire is expected of all staff. Jeans, sweatshirts/sweatpants, crop tops (exposed midriff) and low-cut necklines are unacceptable.

Professional Development and Required Meetings

Staff must attend all faculty meetings, in-service training, and regional meetings. If there are extenuating conflicts, staff must meet with their direct supervisor.

Fingerprinting

Vernon Public Schools requires that any person (teacher, administrator, special service staff member, teacher’s aide, custodian, cafeteria employee, etc.) who is hired by a local or regional board of education submit to a state and national criminal history record check within 10 calendar days of the date of employment. The process includes the checking of fingerprints by the State Police Department and Federal Bureau of Identification as well as a check by the Department of Children and Families. The results of the criminal history record checks are reported to the employing school district. If the district receives notice of a conviction of a crime by a person holding a certificate, authorization, or permit issued by the State Board of Education, the district shall notify the Bureau of Educator Standards and Certification.

Expenses

The Vernon Regional Policy Board states that instructional staff shall not incur any expenses in the name of the school or in the name of the VRABE Regional Adult Education unless given prior authorization by the Regional Director.
Instructional Staff Duties and Responsibilities

General Duties

The instructional staff shall follow the mandated adult education curriculum of the Region, and shall work cooperatively to facilitate the maximum educational development of each student.

Reporting Structure

The instructional staff shall be directly responsible to the Site Administrator/Coordinator in whose building or buildings they are scheduled to carry out their duties. They shall also be responsible to the Regional Director, the Vernon Regional Policy Board and the Vernon Board of Education, and shall act in accordance with the policies, rules, and regulations as set forth by them.

Lesson Planning

The instructional staff shall be responsible for effective lesson planning, and for submitting weekly lesson plans using VRABE lesson plan format (see pages 17-18) as prescribed by their Site Principal/Coordinator.

Data Collection/Record Keeping

Each teacher is responsible for keeping accurate records of student attendance, assignments and grades. Data required by the State Department of Education must be submitted to the Site Principal/Coordinator by the designated due date (see page 18). Confidential information (i.e. student social security numbers, DOB) must be kept in a secure (locked) location.

Textbooks and Equipment

The teacher is responsible for all textbooks and/or other books issued and is to keep a careful record of each book’s condition when issued. In addition, the teacher should conduct a periodic check of pupil damage to, or loss of the books. Charges will be made for any lost or damaged textbooks and/or other books. This is also true of all other equipment and materials belonging to the school that have been placed in the teacher's classroom.
Instructional Staff Duties and Responsibilities (cont.)

**Resignations**
A teacher resignation must be submitted by written notice to the Regional Director at least two weeks prior to leaving. In addition, the site administrator at your location must be notified at that time.

**Class Start Time**
*Teachers are required to be in their classroom at least 5 minutes prior to the start of class* and remain there with the students for the entire class. Students are **not** to be dismissed early. They are earning credit for time spent in class, and are to remain in class the entire time.

**Sale of Books or Other Instructional Resources by Teachers**
Under no circumstances should a teacher sell students textbooks or workbooks that are required for a given subject area. Such resources, if required in the curriculum, are to be purchased through the Adult Education budget.

**Discipline**
The teacher is responsible for the proper conduct of all pupils. Those pupils who do not respond or who are persistent behavior problems should be referred to the Site Administrator/Coordinator. Good judgment should be employed in maintaining efficient classroom management in order to insure the health and safety of the students and staff. **Students will not be left unattended at any time.**

In order to establish an appropriately structured learning environment, expectations, philosophy, and standards must be clearly communicated to students. Teachers will convey classroom and attendance expectations to students and will review the rules of behavior at the beginning of each course. Classroom behavior and attendance will be included in teachers’ written course requirements and grading rationale. In an effort to maintain consistency in dealing with classroom behavior and attendance problems, the following guidelines will be followed:

**Step 1:** An in-class warning will be given to the student by the teacher.
**Step 2:** A conference will be held after class with the student and the teacher.
**Step 3:** Teacher recommends to the Site Administrator/Coordinator student removal from class with loss of credit.
**Step 4:** Any disciplinary action should be documented in writing with a copy sent to the Regional Director.

Also, see Behavior Rules listed on pages 25-35.

**Teacher Absences**

Staff Data Collection Responsibilities  
School Year 2018-19

The Connecticut State Department of Education requires that we collect the information below and input it into the CARS database in a timely fashion. Please refer to the detailed Registration, Attendance and Assessment Manuals for each program, and discuss these procedures with your Site Administrator. Contact Patrick Caruso (Data Entry Specialist) with additional questions (Patrick.caruso@vernonct.org, work phone 860-870-6060, cell phone 860-256-5520, fax 860-870-6455.

STUDENT INFORMATION FORM
- Submit a NEW Student Information Form (also called the SIF) for all new and returning students. Do this at the beginning of the school year, or whenever a student enters a class.
- Submit a copy of the student’s ID
- Check each form to be sure the student’s name, etc. is legible and the form complete. The main item we use to enroll, and find a student later in the system, is their name.
- If you store original student files at your site submit a copy, if not submit the original.
- The SIF and student ID include sensitive information and must be hand-delivered to VRABE by the site coordinator. Alternatively, they can be faxed if they call 860-870-6060 and can verify someone is there to receive the fax.

OFFICIAL TRANSCRIPT—CDP Site Administrators/Guidance Counselors: Send Lois Gottlieb (lois.gottlieb@vernonct.org) a copy of the official student transcript to enter credits for all CDP students. We also need the transcript for any student that goes from GED to CDP.

LIST OF COURSES—CDP Site Administrators: At the beginning of each trimester, please send Patrick the courses offered at your site on the “Course List By Site“ form.

ATTENDANCE
FOR CDP: All sites now enter their own attendance in CARS. At the beginning of the trimester, please send me the class list for each course you are offering. At the top of each class list must be the course name and course number (e.g. Novels A – ENG215). I will then enroll your students in CARS, and you can then start entering your attendance. Just enter the total number of hours a student attends in each class for any month. Attendance should be entered at least once a month.

FOR ESL, GED, ABE, CITZ, or NEDP: We will continue to enroll and enter attendance for all sites (unless otherwise specified). Please send Patrick and Lois your attendance once a month via email on our standardized Classroom Cumulative Attendance Form. Email to patrick.caruso@vernonct.org (Patrick) and lois.gottlieb@vernonct.org (Lois).

GREEN OUTCOME FORM—
FOR CDP: Submit an outcome form even if the student is a no show, fail or an incomplete.
FOR ESL, GED, ABE, CITZ, or NEDP: Submit an outcome form even if the student just attended once and didn’t complete any CASAS tests.
NOTE: All outcomes must be submitted within five (5) days after the class ends.

If you have any questions, please contact Patrick or Lois at: Work: 860-870-6060; Cell: 860-256-5520; Fax: 860-870-6455; patrick.caruso@vernonct.org; lois.gottlieb@vernonct.org.
Staff Data Collection Responsibilities (continued)

*ADMINISTERING CASAS TESTS*
CASAS Appraisal testing is required for all students. Pre and Post testing is required for ESL, GED, and ABE students. Teachers should discuss this with your Site Administrator. If no Site Administrator, teachers are expected to assume full responsibility for administering and scoring CASAS tests. Contact Elissa Blanchard, Assessment Facilitator, with additional questions: elissa.blanchard@vernonct.org; Work: 860-870-6060; Fax: 860-870-6455.

- Refer to the Testing Schedule dates which Elissa will e-mail you at the beginning of each trimester/semester.
- Administer and score CASAS appraisal test (if not already completed).
- Record CASAS appraisal score on Student Information Form (SIF).
- Determine which CASAS Pre-test should be given based on CASAS Appraisal scale score in Quick Conversion Chart below.
- Administer CASAS Pre-test and record result on green Student Assessment/Outcome Form.
- Administer CASAS Post-test/s later in semester. Record results plus total number of hours attended for the trimester/semester on green Student Assessment/Outcome Form.

*STUDENT FILES*
- Each Site Administrator, or teacher if no Site Administrator, is required to maintain a file folder for each student in a secure location at the site. The folder must contain all items per sticker file.

- All CDP graduate files must be hand delivered to the RHS Adult Education Office for storage within one week of graduation ceremony.

Sexual Harassment Policies

Regarding Personnel

Policies for Certified (#4118.112) and Non-Certified Personnel (#4218.112) are the same

Policy Statement: The Board of Education believes that each employee should be able to work in an atmosphere free of harassment. The Board therefore prohibits all discriminatory intimidation on the basis of sex or on the basis of any other status protected by law, including but not limited to race, color, age, religion, gender, gender identity or expression, sexual orientation, national origin, marital status, disability, or veteran status. The Board recognizes that sexual harassment can originate from a person of either sex against a person of the opposite or same sex, and from peers as well as supervisors, students, or others within the school environment. Therefore, this policy seeks to promote a workplace that is free of sexual harassment. Sexual harassment of employees occurring in the

Definitions:
Employee: all teaching, administrative and support personnel.
Immediate supervisor: the person to whom the employee is directly responsible (e.g., department head, principal).

Sexual harassment: any unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature constitutes sexual harassment when:

a. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment;
b. Submission to or rejection of such conduct is used as the basis for employment decisions affecting such individual; or
c. Such conduct has the purpose or effect of substantially interfering with an individual’s work performance or creating an intimidating, hostile or offensive working environment.

Examples of sexual harassment include:
1. Offering employment benefits or giving preferential treatment in exchange for sexual favors;
2. Retaliation against or getting someone back who turns down sexual advances;
3. Visual Conduct: leering, making sexual gestures, displaying sexually suggestive objects, pictures, cartoons, calendars, magazines, or posters;
4. Verbal Conduct: whistling and catcalls making or using derogatory or sexual comments, epithets, slurs, or jokes. Referring to another person as “doll,” “babe,” “honey,” or a name of this type;

8. Physical conduct such as touching, as unwanted neck and shoulder message, assault, impeding or blocking movements, and

9. Repeated and unwelcome comments about one’s physical appearance or attire.

Procedures: Employees who believe they have been subjected to sexual harassment are to report the incident to the building principal. Should this individual be the alleged harasser, sexual harassment may be reported to the district’s Title IX coordinator:

Director of Pupil Personnel Services
30 Park Street, Vernon, CT 06066
860-870-6000 Ext. 4666

Incidents of sexual harassment may be reported informally or through the filing of a formal complaint.

Consistent with federal and state law, and all applicable provisions in the district's collective bargaining agreements, the following procedures shall be employed in handling any report, investigation or remedial action concerning allegations of sexual harassment:

Informal Complaints: Employees who believe they have been subjected to sexual harassment may request that an informal meeting be held between themselves and the appropriate supervisor. The purpose of such a meeting will be to discuss the allegations and remedial steps available.

Should the complainant be dissatisfied with the resolution, he/she may file a formal written complaint.

The supervisor will file a report with the next level of management on what has transpired to date. If the complainant submits a formal complaint, a copy of it should accompany the

Formal Complaints: Formal complaints may be submitted either to initially report any incidence of sexual harassment, or as a follow-up to an unsatisfactory resolution of an informal attempt to resolve a complaint. In the latter case, the formal written complaint is to be submitted to the supervisor originally consulted, who will then forward it to the next appropriate level of management, or the Superintendent for appropriate action. Formal complaints shall include as much detail about the alleged incident of sexual harassment as possible, including but not limited to the date and place of incident, description of the harassing conduct, the names of all witnesses, and any other relevant information, such as any discussions or action taken in an attempt to resolve the matter.

Complaint Investigations: Upon receipt of a formal or informal complaint, a prompt, thorough and impartial

investigation of the allegations must follow. The investigation of any report of sexual harassment will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances and subject to all applicable laws and any relevant provisions in the district’s collective bargaining agreements.

Remedial Action:
If it is determined that inappropriate conduct has been committed, the Board will take such action as is appropriate under the circumstances to eliminate the offending conduct and, where appropriate, impose discipline. Such action may include discipline up to and including dismissal from employment, as deemed appropriate under the circumstances consistent with applicable law and collective bargaining agreements.

When the harasser is a student, such action may include discipline up to and including expulsion and/or referral to the police or other appropriate agency.

Any employee who reports unlawful harassment or cooperates in the investigation of a complaint will be protected from retaliatory action.

Complaint Records:
The results of the investigation, including a good faith determination of whether or not harassment occurred as well as any disciplinary action to be taken, shall be maintained by the school district in a final report. The Complainant and the alleged harasser will be informed in writing of whether harassment has been found.

Investigation in the Absence of a Complaint:
Upon learning of, or having reason to suspect, the occurrence of any sexual harassment, the board will, in the absence of a victim's complaint, ensure that an investigation is commenced by the appropriate individuals.

Training:
Each year, or more frequently if the Board deems it appropriate, supervisory personnel will receive training regarding sexual harassment and related matters. Such training may include a review of this policy and regulation, discussion, films or other activities.

Vernon Board of Education Sexual Harassment Policies (cont.)

Regarding Students

Policy # 5145.51

General: Sexual harassment will not be tolerated among students or staff of the school district. Any form of sexual harassment is forbidden whether by students, supervisory or non-supervisory personnel, individuals under contract, or volunteers in the schools. Students shall exhibit conduct which is respectful and courteous to employees, to fellow students, and to the public. In addition, the Board prohibits all discriminatory intimidation on the basis of any other status protected by law, including but not limited to race, color, age, gender, gender identity or expression, religion, sexual orientation, national origin, marital status, disability, or veteran status.

Definition: Sexual harassment is any unwelcome conduct of a sexual nature, whether verbal or physical, including, but not limited to:

- insulting or degrading sexual remarks or conduct;
- threats or suggestions that a student's submission to, or rejection of, unwelcome conduct will in any way influence a decision regarding that student;
- conduct of a sexual nature which substantially interferes with the student's learning or creates an intimidating, hostile, or offensive learning environment, such as the display in the educational setting of sexually suggestive objects or pictures.

Complaints Procedures: The board of education encourages victims of sexual harassment to report such claims promptly by making a written or oral complaint to the building principal. Should this individual be the alleged harasser, sexual harassment may be reported to the district's Title IX coordinator:

Director of Pupil Personnel Services  
30 Park Street, Vernon, CT 06066  
860-870-6000 Ext. 4666

Complaints shall be investigated promptly and thoroughly and corrective action shall be taken when allegations are verified. Confidentiality shall be maintained to the extent practicable under the circumstances and no reprisals or retaliation shall occur as a result of good faith charges of sexual harassment or cooperation in the investigation of a complaint. If the complainant is a minor student, the person to whom the complaint is given should consider whether a child abuse report should be completed.

If it is determined that inappropriate conduct has been committed, the Board will take such action as is appropriate under the circumstance to eliminate the offending conduct and, where appropriate, impose discipline. When the harasser is a Board employee, such action may include discipline up to and including dismissal from employment, as deemed appropriate under the circumstances consistent with applicable law and collective bargaining agreements.
Sexual Harassment (Student)-continued

When the harasser is a student, such action may include discipline up to and including expulsion and/or referral to the police or other appropriate agency.

The results of the investigation, including a good faith determination of whether or not harassment occurred as well as any disciplinary action to be taken, shall be maintained by the school district in a final report. The Complainant and the alleged harasser will be informed in writing of whether harassment has been found.

The district shall provide staff development for district administrators and other staff and annually shall distribute this policy to staff and students.

Policies Regarding Student Records

Right to Privacy and the Collection of Data

Individuals have a right to privacy. Therefore, the student records maintained by the school system will be those required by law, or by policies adopted to promote the educational welfare of the student, or necessary for operation of the school system. A student record is defined as anything concerning a student which is maintained in writing or on film, disk or tape for others to see or hear. Private "working" notes are not part of a student record until they are made available to another person. At such time, they automatically become a student record and are subject to the regulations governing such records. The following school student records will be maintained, however, they are not public records and access to them is restricted:

1. Student's Academic and Test record - Permanent Record
2. Psychological/Psychiatric Report
3. Social Work Case Record
4. Health Record
5. Planning and Placement Team Record

Access to Student Records

Professional school staff has limited rights to access records related to their responsibility in regard to a given student. The disclosure of information contained in student personnel and student development records would constitute an invasion of privacy if such disclosure is made without the informed consent of the adult student. The following individuals have access to student records:

The custodian of the record (i.e., Site Administrator/Coordinator) keeps the record in a locked file and determines the appropriate personnel with whom the record can be shared. Graduate files for CDP students must be hand-delivered to RHS Adult Education Office within one week of graduation ceremony.
**Student Behavioral Policies**

**Discipline Policy Overview**

This is an adult education program. Each student is held personally responsible for his/her conduct. Students unable to conduct themselves properly may be asked to leave the premises. This will be treated as an absence.

Depending on the severity of the inappropriate behavior, the student may be expelled from the program.

Included on the following pages are some specific examples of various behavioral issues and the discipline or consequences associated with them. Other issues will be dealt with on a case-by-case basis as they arise.

The Infraction Table that follows lays out VRABE Regional Adult Education’s administrative guidelines for dealing with discipline issues. The table is divided into categories of infractions (behavior that is not appropriate for Adult Education participants), and the consequences for each of those behaviors after the first offense, the second offense, and the third offense are listed.

Drug & Alcohol Policy

Policy Statement:

The administration and staff of VRABE Regional Adult Based Education will work to educate, prevent, and intervene in the abusive use of all drugs, alcohol, and mood-altering substances by any member of the student population in accordance with state law. This will be accomplished through curriculum, classroom activities, community support and resources, a strong and consistent administrative and faculty effort, and rehabilitative and disciplinary procedures.

As an extension of this policy, all school district personnel will use the following rules, regulations, and guidelines when responding to any and all drug, mood-altering substances, and/or alcohol-related situations.

Rules and Regulations:

All drugs and substances, restricted or controlled as defined by state law, and alcohol, are forbidden on school grounds and at school-sponsored activities. A student on school grounds prior to, during, or after the school session, or at a school sponsored activity:

- who is affected by alcohol, any narcotic substance, any restricted or controlled drug or any mood-altering substance
- or who possesses, uses, dispenses, sells, or aids in the procurement of alcohol, any narcotic substance, or any substance purported to be a restricted or controlled drug or substance

shall be subject to discipline and arrest whenever warranted, pursuant to the provisions and procedures outlined below. Violations are cumulative over time (i.e., a violation in one year is carried forward to another year).

Any student who is required to take medication prescribed by a physician should inform the Site Administrator/Coordinator and note the condition on the emergency card.
Drug & Alcohol Policy (Continued)

Procedures for Reporting Drug and/or Alcohol Behavioral Problems

1. Any teacher or other school personnel who believes that a student is not functioning properly will contact the Principal/Site Coordinator or security guard. The staff is not being asked to evaluate whether or not this is chemical in nature. They are not being asked to label or diagnose, but they are to report behavioral/physical observations that might signal the need for further assessment.

2. The Site Administrator/Coordinator will determine whether the student is in need of urgent medical attention.

3. If it is determined that the student's inability to function properly is due to drug or alcohol abuse, the following consequences shall apply:

Student Academic Policies

Mandatory Student Orientation
For High School Completion Programs

All students contemplating a high school diploma must attend a VRABE Orientation before beginning classes. The Orientation Session is structured to inform the students of the three options they have to get a diploma:

- CDP (Credit Diploma Program)
- NEDP (National External Diploma Program)
- GED (General Educational Development) or ABE (Adult Basic Education)

At the Orientation, the programs are described and CASAS appraisal testing is administered. Students will then schedule a one-on-one meeting with a counselor to develop a plan for achieving their diplomas.

Students must schedule a date to attend the orientation session by registering online at www.vrabe.org. To register by phone, call 860-870-6060. Orientations are held at multiple sites and at various times.

Attendance/Tardy Policy

The attendance/tardy policy for the VRABE Regional Adult Based Education Credit Diploma Program is as follows:

1. All students are expected to attend class. If a student is absent, he/she must inform their teacher and/or present documentation for the absence.

2. All students are expected to be on time for classes. No student will be allowed in class once instruction has begun without a pass. Students who miss more hours than can be made up will be dropped from the course. There are NO EXCUSED ABSENCES.

3. Three tardies to any one class will be treated as one absence. This means that the student must make-up the time of one class session. As with class attendance, a student may reach a point where it is impossible for him/her to make-up the time. Consequently, the student will be dropped from the course.

4. Students leaving the classroom, abusing lavatory privileges, or loitering in the halls will be treated as if they were tardy, and these actions will result in the same consequences as being tardy (see above).

HANDOUT #3

Lockdown

A lockdown is used to handle a threat emanating from inside of the school. During a lockdown, all interior and exterior doors are closed and locked. This procedure is used when there is an immediate and imminent threat to the school building population. School staff and students are secured in the rooms they are currently in and no one is allowed to leave until the situation has been deemed safe. This allows the school to secure the students and staff in place and remove any innocent bystanders from immediate danger. Once the doors have been locked, only authorized officials will be allowed to enter the school. If a lockdown is announced, do the following:

- Lockdown signal is given by any school building official.
- Check hallways – allow individuals determined not to be a threat into the nearest room.
- No one will be allowed to remain in the hallways or unprotected areas.
- Secure doors, turn out lights, cover windows, pull shades and move students out of line of sight of doors and windows.
- Take attendance and record students that are in the room, missing, as well as extra students from the hall and await further instructions.
- Only First Responders and school officials will be allowed to enter your room and will have keys to unlock classroom doors. Do not open doors for ANYONE under ANY circumstances.
- All activities cease. If outside of building evacuate to a predetermined, off-campus location. This includes bus runs and field trips.
- Disregard any activated fire alarm unless you see/smell smoke or fire. If smoke or fire is present, use best judgement to evacuate to a safe location.

Secure School

Secure School will be utilized to counteract a threat coming from outside of the school. During a secure school event all exterior and classroom doors are closed and locked. No one will be allowed to remain outside of the school. Any parents or guardians present outside of school that have been determined not to be a threat can enter the building before the doors are locked, or they are required to leave the school grounds immediately. Once the doors have been locked, only authorized officials will be allowed to enter the school. Students and staff are expected to move to their scheduled classroom. If Secure School is announced do the following:

- Secure School is given by any school building administrator.
- Have students who are outside immediately return to the school building.
- Lock and secure all exterior and classroom doors and entrances in your classroom/shop.
- Students and staff are expected to move to their scheduled classroom.
- Continue normal classroom/shop activities.
- Monitor main entrance and allow only authorized personnel into building.
- Consider using "barricades" to close off the school driveways and parking lots.
- Consider modified release of students for end of school day.
Evacuation
An Evacuation of a school will be performed for a variety of reasons including but not limited to fire, explosive threat, weather conditions and health concerns. An evacuation will begin with the use of the fire alarm notification system. Once activated, all staff, students and visitors are required to leave the school and assemble at a predetermined location. Once outside the school attendance will be taken and further instructions may be given. No one will be allowed to leave the assembly location without permission from school administration. If an Evacuation is announced do the following:

- Close classroom windows/doors, turn off lights/computers, if in use, turn off gas.
- After alarm, evacuate to pre-designated area.
- Take grade book and classroom sign out sheets.
- Help individuals who may require additional assistance.
- Check lavatories on the way out of the building for students who may not have heard the alarm.
- Reassemble students in safe area away from building and out of the way of emergency vehicles.
- Always evacuate crosswind and/or upwind.
- Take attendance and relay it to the designated area.
- Remain with the students until the “all clear” is given or until receipt of further instruction.
- Accompany students to alternate site, if needed.
- Accompany students back to the classroom and take attendance.

Shelter-in-Place
Shelter-in-Place is used during an imminent, severe weather emergency or other natural or man-made threat such as an earthquake or hazardous materials release. This is a precaution aimed to keep you safe while remaining indoors. Shelter-in Place means selecting a small, interior room, with no or few windows, and taking refuge there. If you are told to shelter-in-place, do the following:

- Move all students to designated shelter area.
- Follow reverse evacuation procedures to bring students, faculty and staff indoors.
- Close all windows and exterior doors.
- If directed, turn off room heating, cooling, or ventilation systems.
- If there appears to be air contamination within the shelter, place a wet paper towel over nose and mouth for temporary respiratory protection and inform Main Office. Relocate to another part of the building.
- Continue to follow instructions given over the public address system/intercom.
- Do not allow anyone to leave shelter until the "all clear" is given.
- If there are visitors in the building, provide for their safety by asking them to stay, not leave.
- If there is danger of explosion, close window shades, blinds or curtains.
- If instructed, seal all cracks around the door(s) and any vents into the room.
- Take attendance and report to office over the phone.
**Stay Put**

Stay Put will be utilized during a non-violent, contained situation or event in which bystanders need to be kept away from a common area, hallway or specific location within a building (i.e. medical emergency). During Stay Put mode, all classroom doors are closed and locked. Students outside of the building should continue with normal activity unless specifically directed to stay away from an area. Students and staff should “stay put” during the duration of the event unless specifically directed to move. If Stay Put is announced do the following:

- Stay Put mode is given by any school building administrator.
- Close all classroom doors and entrances in your classroom/shop.
- Students and staff are expected to “stay put” for the duration of the event.
- Continue normal classroom/shop activities.
- Have a staff member assigned to the main entrance to direct incoming first responders to the location of the event, if applicable.

**Operational Guidance**

(1) Initial Response

School personnel are usually first on the scene of an incident in a school setting. VPS staff are expected to take charge and manage the incident until it is resolved or command is transferred to someone more qualified or to an emergency responder agency with legal authority to assume responsibility. Staff will seek guidance and direction from local officials and seek technical assistance from State and Federal agencies and industry where appropriate.

However, at no time will school officials transfer responsibility for student care.

The Principal or designee will be responsible for activating the school emergency operations plan and the initial response, which may include the following. Wherever possible, try to use this standard terminology:

i. **Evacuation** – “Go outside”

ii. **Lock down** – “Immediate threat in building.”

iii. **Secure School** – “Stay inside.”

iv. **Shelter-in-Place** – “Potential severe weather or immediate environmental hazard”

v. **Stay Put** – “Stay where you are.”
(2) Notification Procedures

In case of an emergency at any Vernon School district facility, the flow of information after calling 9-1-1 shall be from the school Principal (or designee) to the district central office. Information should include the nature of the incident and the potential impact on the students, staff, and facility.

Response means the capabilities necessary to stabilize an emergency once it has already happened or is certain to happen in an unpreventable way; establish a safe and secure environment; save lives and property; and facilitate the transition to recovery. The focus of most of this plan and its annexes is on planning for the response to emergencies. Response operations are intended to resolve an emergency situation quickly, while minimizing casualties and property damage. Response activities include warning, first aid, law enforcement operations, evacuation, shelter and mass care, light search and rescue, psychological, as well as other associated functions.

1.) Consideration will be given to the following IN THE ORDER SHOWN:
   - Safety of the students.
   - Safety of the staff and other building occupants.
   - Protection of the building, contents and grounds.
   - Minimize the disruption to the education process.

2.) When an emergency occurs the steps to be taken are:
   - Size-up and learn quickly all you can about the situation.
   - Protect students, staff and other building occupants.
   - Attempt to minimize the situation and damage.
   - Make the needed notifications.
