

Community, Medical & Legal Interpreting Workshop

This workshop is designed for adult learners. Participants come to the workshop with previous knowledge and different life experiences that effect how they understand their culture, legal, community and health care settings.

This is a workshop directed at individuals committed to expanding their bilingual skills. This comprehensive three (3) hour workshop offers intensive study and customized learning experience to introduce the participants to the interpreting profession. Participants will receive a certificate of completion, and those who may be interested are welcome to attend ongoing trainings.

Learning Objectives

The participants will –

- Recognize the basic differences between interpreting roles
- Experiment and dramatize the role of an interpreter for real life settings
- Prepare to pursue a new career

The curriculum is as follows:

- Laws & Regulations
- Interpreter's Role
- Code of Ethics
- Modes of Interpreting Techniques
- Protocol of Practice
- Cultural Competency
- Cultural Broker Role
- Role Plays
-
